

A group of healthcare professionals, including doctors and nurses, are gathered around a table in a bright, modern office setting. They are engaged in a discussion, with some looking at a laptop screen. The scene is captured from a slightly elevated angle, showing the backs of some individuals in the foreground.

Qualivis Created by hospitals for hospitals

By continuously innovating, Qualivis can promptly respond to the evolving healthcare staffing demands and market dynamics. Through our partnership with 27 state hospital and nursing leadership organizations, we bring tested and innovative solutions to hospitals. Qualivis meets the needs of healthcare organizations by introducing new tech-driven solutions, ensuring that these organizations can fulfill their workforce requirements in the most cost-effective and efficient way.

Locums

As the physician shortage continues to grow, locums providers fill a critical gap. Utilizing Qualivis Locums helps healthcare organizations boost patient access to care, provide relief to overburdened providers and generate revenue from locum services.

- Transparent fee structure with no administrative, daily, seasonal or additional fees
- One point of contact streamlines communication
- Thorough candidate vetting process under the guidance of our in-house Chief Medical Officer

DocCafe

DocCafe is the premier talent acquisition platform used by physicians. Its SaaS marketing platform accelerates permanent physician hires. DocCafe offers unlimited job postings and has an extensive database of qualified, active physicians.

- 80K+ active physician job seekers in the past 12 months
- 2.6K+ new physician registrations a month
- 13K+ monthly physician applications

Shifts

Designed for flexibility, Shifts allows facilities to easily manage open shifts among their core staff, internal resource pool and external gig workers in their community. Standard integrations and mobile app capabilities automate workflows and provide real-time notifications to fill open needs quickly.

- Flexible per diem and float- pool management to reduce premium labor costs
- Cloud-based software solution and app-based clinician scheduler sync in real time
- Broadcast open shifts to quickly reach qualified workers in your local community

CoreHire

Qualivis delivers digital-first strategic sourcing to build a pipeline of qualified candidates and gain efficiency in your permanent recruitment workflows. Through targeted advertising strategies and algorithm-driven personalized touch points, CoreHire drives candidate engagement with open roles.

- Access to the largest available clinical talent pool in the U.S.
- Highest-trafficked healthcare job site on the internet
- Millions of transactions a month across 5000+ healthcare facilities

Interim Leadership

Minimize disruption and hit the ground running on important projects with high-caliber leadership talent. Qualivis provides rapid fulfillment and onboarding and delivers a wide range of positions, functions and contract length.

- Seamless integration with current systems and processes
- Advisory approach to develop requirements based on expected outcomes
- Broad base of clinical leaders to source highly qualified talent quickly

Advisory Solutions

Advisory Solutions provides workforce consulting and analytics services to help clinical leaders identify staffing-to-demand requirements and deliver a customized contingent staffing plan. Objective analysis and consulting expertise help to optimize internal staff resources, develop flexible staffing models and reduce premium labor spend.

- Identify sizing and layering of internal resources
- Uncover hidden capacity to reduce contingent labor utilization
- Forecast optimal staffing levels by unit
