

Supply Chain Savings for Healthcare Organizations

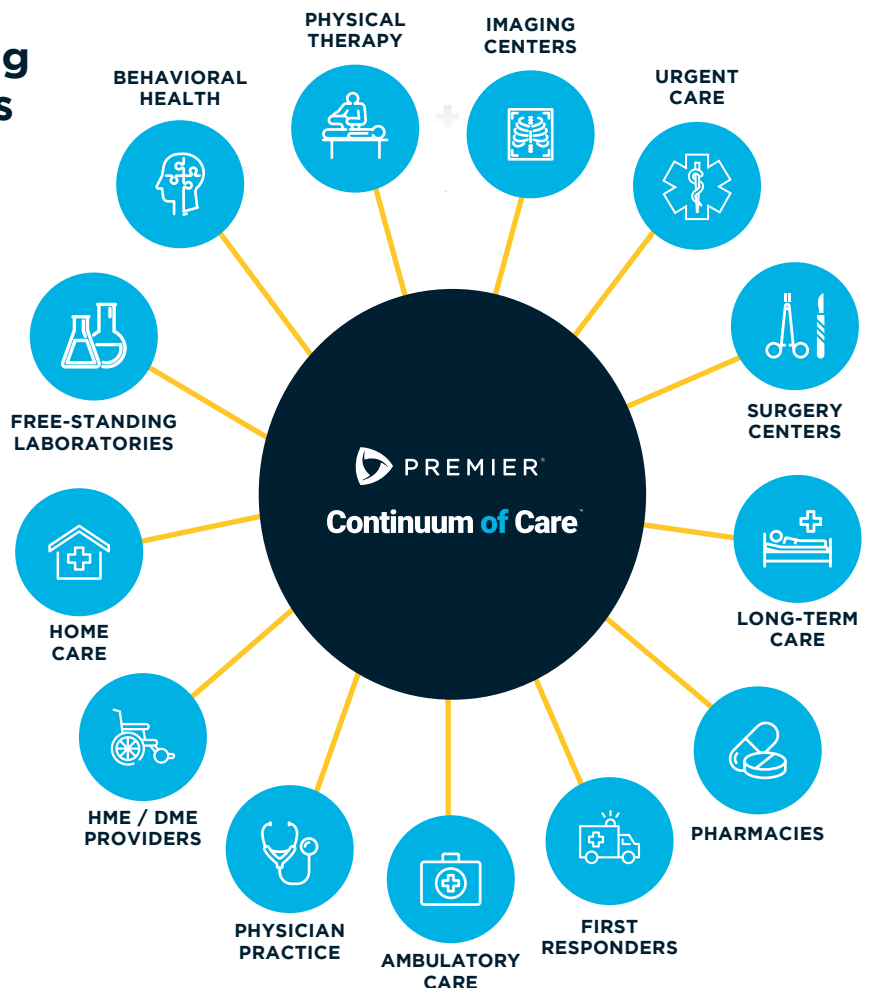

Achieve significant savings on the products and services you buy every day.

As part of its mission to improve healthcare for communities, Premier offers a leading group purchasing program for healthcare providers in the Continuum of Care (CoC). Over **325,000 providers** participate in a comprehensive cost reduction program, leading to more efficient operations and ultimately more resources to devote to patient care. As a leader in supply chain management, we leverage Premier's **\$84 billion** in annual purchasing volume to provide our members access to over **3,300 contracts** from nearly **1,500 other top-tier suppliers**. Premier's portfolio balances cost and quality to deliver savings while promoting high quality care. **Join us today!**

Premier's Group Purchasing program includes products and services for:

- Medical and surgical supplies
- Pharmacy
- Foodservice equipment & disposables
- Housekeeping & sanitizing products
- IT/Telecom
- Office supplies, protective barriers & touchless business equipment (door entry, faucets & soap dispensers)
- Facilities (maintenance, repair and operations)
- Laboratory supplies
- Medical nutritional products and supplies
- Capital equipment (procurement and planning)
- Administrative/HR solutions

MEDICAL AND SURGICAL SUPPLIES

Access a broad spectrum of supplies from gloves to incontinence and wound care, to IV supplies and equipment.

PHARMACY

Access contracting and knowledge transfer services that help you maximize the therapeutic and economic value of pharmaceuticals and medication use systems.

FOODSERVICE

From chicken to juices to green and sustainable products, the agreements cover your every need through top-quality manufacturers and a full-range of offerings.

IT/TELECOMMUNICATIONS

Access products and services such as cellular voice and data services, PCs, monitors, printers and copiers.

OFFICE SUPPLIES AND BUSINESS EQUIPMENT

Access a wide array of office supplies, from furniture to toner cartridges, pens, paper, folders and even copiers and fax machines.

FACILITIES (MAINTENANCE, REPAIR AND OPERATIONS)

Designed to substantially reduce costs related to the procurement of equipment, supplies and services used for facilities operations and construction, our contracts offer outstanding value. From can liners to flooring, plumbing products to HVAC equipment controls and supplies, you'll find it all.

LABORATORY SUPPLIES

Access new technologies for equipment, supplies and services. Contracts include blood glucose meters, blood specimen collection, reference laboratory and laboratory distribution.

CAPITAL EQUIPMENT (PROCUREMENT & PLANNING)

Save on purchases of capital equipment such as exam room furniture and imaging equipment - as well as on construction or renovation projects.

ADMINISTRATIVE AND HUMAN RESOURCES

Save on administrative services and offerings such as car rentals, advertising, background checks, satisfaction surveys and service awards.

Here are some of the additional resources available to you:

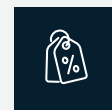

PREMIER SMARTPO®

Premier SmartPO is a simple purchasing and electronic invoicing system built to fit the needs of continuum of care providers. Our software provides a complete order management and contract price management solution.

STOCKD

Stockd® is Premier's digital sales solution designed exclusively for members to access and purchase limited-time deals on contracted products and products sourced exclusively for our members that offer extensive savings.

EMPLOYEE DISCOUNT PROGRAM

Negotiated price reductions for many products and services that employees can enjoy.
